

BIOGRAPHICAL{PRIVATE }
GERHARDT J. HUBNER

Gerhardt was born and raised in Southern California. He attended Cal Poly Pomona, where he studied Civil Engineering. He graduated from **San Diego State University**; with a Bachelor of Science in Geological Sciences, emphasis in Engineering Geology. He is Professional Geologist licensed with the State of California.

He started his career first at the **Los Angeles Regional Board** involved with Basin Planning and Standards development, and creation of the 1994 Basin Plan.

From 1995, he transferred to the **Central Coast Region in San Luis Obispo** where he worked 10 years as Senior Engineering Geologist, supervising all surface and groundwater water quality permitting within coastal San Luis Obispo County and all of Santa Barbara County.

In 2005, he came to **County of Ventura, Watershed Protection District** as Deputy Director of Public Works overseeing the Water and Environmental Resources Division. The Division administrated both the County Unincorporated Stormwater, and Regional Stormwater Program on behalf of the entire Ventura Countywide Stormwater Program. He also oversaw the District's Environmental Service Section, the County's Groundwater Protection Program and staff for the Fox Canyon Groundwater Management Agency.

From 2016 to 2017, he served as the District Administrator/General Manager for the South San Luis Obispo County Sanitation District.

Gerhardt also served 10 years as Commissioner and Chair/Vice Chair on the Southern California Coastal Water Research Project (SCCWRP) Commission, six years as a Trustee for the Ventura Land Trust, Chair/Vice Chair and Director on the California Stormwater Quality Association Board (CASQA), and currently serves as the Chair/Commissioner on the City of Ventura's Water Commission.
